

Things you might not know about Cabrini Outreach...

Throughout the COVID-19 pandemic, The Cabrini Asylum Seeker and the Refugee Health Hub helped educate disadvantaged and culturally and linguistically diverse (CALD) communities about the vaccine

In 2002

we began sponsoring children in Eswatini orphaned as a result of HIV-Aids. We now have 2326 clients enrolled by Cabrini Ministries Eswatini in their HIV treatment program

Cabrini Outreach spends

59%

of its expenditure on Australian programs with the majority going to refugees and people seeking asylum

452

women screened for cervical cancer by Cabrini Ministries Eswatini

Over 1300

Pro bono hours were worked by seven GPs, four psychiatrists, and one physiotherapist for Asylum Seeker and Refugee health services in the 12 months to June 2021

We have invested almost

\$7.5M

supporting service partners in Ethiopia, Eswatini, and Papua New Guinea

142

children were admitted to our partnered hospital in Ethiopia and accessed health care services to address malnutrition

We spent more than

\$107,000

on pharmacy and health waivers for people seeking asylum in the 2020-21 financial year

For every \$1 we spend

85 cents is used to directly support health and development programs around the world

In 2021

we celebrated the Cabrini Asylum Seeker and Refugee Health Hub's 5th Birthday

We have provided a free histopathology service to Modilon Hospital, PNG for

7 years

During World Refugee Week in June 2021, we opened 'Clinic Sihat — Shepparton' in collaboration with Uniting Vic Tas and Primary Care Connect and 'Clinic Sihat — Mildura' in collaboration with Catholic Care, both providing primary health to vulnerable migrants and people seeking asylum
